Dear Entrepreneur,

LVSMECDC wants to be among the first to welcome you into your new and exciting career as a business owner. Entrepreneurship has hurdles and challenges, yet we are confident that you have the motivation and drive to achieve your dream. We have assembled this packet of information to assist you. We hope it will do just that!

We offer many resources for start up businesses. The following is enclosed: checklists, applications for licenses, business plan software, useful websites, a resource guide, and information on the community and the EDC. Please note that most of the websites are linked directly from our website. Other supplementary information at www.lvsmcdc.org/startup.html can also be found.

EDC's three-pronged approach is: 1) Nurture and Expand "Existing" business, 2) Encouraging new "Home Grown" start-up businesses, 3) Attract new "Targeted" relocation of businesses. Through encouraging new "Home Grown" businesses we offer our incubator services.

We trust that our city and county governments, along with organizations such as MainStreet, Chamber of Commerce, Small Business Development Center, EBS (www.bizport.org) and many others will make it as effortless as possible to help you bring economic development to our area.
